Why Work With a Travel Agency

Travel today is more complex than ever. A travel agent simplifies the process, anticipates details you may not think of, and ensures your investment is protected - so you can focus on enjoying the experience

Benefits of an Agent

- Expert Guidance
- Saves You Time
- Personalized Recommendations
- Access To Over 200 Suppliers
- Exclusive Experiences
- Support When Plans Change
- Advocate When Issues Arise

WHAT IS THE COST TO ME?

Zero cost to you.

Working with a travel agency costs you nothing extra. We have access to the same—and sometimes better—rates than what you'll find online or by booking directly. Travel suppliers such as hotels, cruise lines, and tour operators pay a commission on every booking—it's simply a matter of whether that commission goes to a small agency like mine or a large online retailer.

Save More with Exclusive Deals

You could actually spend less when booking through a travel agency. We often have access to exclusive rates and special offers not available to the public—plus you'll enjoy expert guidance, personalized service, and exceptional value at no extra cost.

Travel, Your Way

Mosaic Premier Travel works with over **125 trusted and vetted travel suppliers** worldwide, allowing us to design trips of all shapes and sizes. Whether you need a single hotel or car reservation or a fully curated itinerary, we tailor our services to bring your travel plans to life.

Guided by Plans *Not Pitches*

CURATED ~ NOT SOLD

We do not believe in “selling” trips. as we’re not salespeople - we are planners. We believe in curating experiences that feel as unique as the people taking them. Our role is to research, compare, and thoughtfully assemble the best options for your needs, preferences, and budget. We listen first, plan second, and recommend with intention so that every detail feels personal, seamless, and stress free.

THOUGHTFULLY PLANNED

Rather than perfecting a sales pitch, we focus on careful planning that transforms your travel dreams into curated experiences. People want to travel; they want to explore, rest, celebrate, and reconnect. We simply make the process easier and far more enjoyable, so all you have to do is show up and make memories that last.

“This is not about a sales pitch. It is about careful planning that transforms your travel dreams into curated experiences.”

The Mosaic Difference

CURATING YOUR JOURNEY

1 We Listen Before We Plan

We start with a conversation, not a sales pitch, to understand your travel style and what this trip means to you.

2 Every Piece is Researched

We vet transportation, lodging, cruises, tour operators, experiences and activities to find the best fit for your goals and budget.

3 Support - Start to Finish

We are with you from the first idea through your return home, helping you navigate questions, changes, and surprises along the way.

THE MOSAIC PREMIER TRAVEL PROMISE

- Thoughtful planning instead of pressure
- Curated Itineraries
- Details handled, so you can focus on the memories

Just like a mosaic, meaningful travel is made of many individual pieces — flights, accommodations, experiences, timing, and personal touches. When trips are assembled thoughtfully, those pieces become something unforgettable.

At Mosaic Premier Travel, we focus on how each piece fits your bigger picture, so your journey feels personal, seamless, and stress free.

“You bring the vision. We assemble the pieces into a journey that feels personal, seamless, and stress free.”

Meet Our Team

MICHELLE LARSEN

Founder & Travel Agent

Michelle brings 30 years of experience orchestrating complex logistics, turning moving parts into clear, actionable plans and seeing them through to completion. With a background in finance, human resources, and law, she is a natural researcher and strategist.

Michelle channels that same expertise into every journey she curates. From learning the nuances of each destination to conducting deep research on suppliers and building margin into the schedule, she focuses on thoughtful, well-paced travel. Road trips, theme parks, cruises, and all-inclusive resorts have each shaped a piece of who she is as a traveler. She has a special love for historic cathedrals and their architecture, and on vacation she can often be found in a neighborhood café, sipping chai and taking in the surroundings.

An avid and seasoned traveler, Brian has explored 47 of the 50 states and journeyed overseas, always seeking out local culture, great food, and memorable experiences. A self-proclaimed foodie (the more foam, the better), he loves discovering innovative cuisine almost as much as he enjoys optimizing the perfect route for a trip.
